## QUAIL SEASON OPENS IN MISSOURI TO-DAY

Shooting Is Permitted For Fifty Days  
Only—Ten Birds Daily Is Permitted.

The sportsmen will take to the fields today in pursuit of the elusive Bob White, as the quail season is open in Missouri again.

There are lots of quail this year. Reports throughout the Ozark country indicate that this is one of the best quail years. Two open winters and lots of feed, coupled with a fine spirit of observance of the game laws, have enabled the quail to multiply so that there now is lots of hunting for everyone.

The open season will continue for fifty days, closing on December 31. Ten quail is the limit that any one person may kill in one day. In commenting on the law Floyd Callaway deputy game and fish commissioner at Monett, says that a careful reading reveals that not only is the limit 10 per day, but that no one is allowed to have more than fifteen quail in his possession at one time regardless of when they may have been taken.

Quail may be killed only for family use. It is illegal to sell them. Licenses are required of anyone hunting elsewhere than on his own land. The cost of the county license is \$1. A county license permits hunting only in the county in which it is issued and adjoining counties. A state license costs \$2.50. It permits hunting or fishing anywhere in the state.

Some counties have availed themselves of the provisions of the law and have voted a closed season on quail for several years. Among those which have done this are Stone and Barton counties.

## BONUS BILL IS BEFORE HOUSE

Measure Providing Compensation for Missouri's Service Men Already Passed by State Senate.

Jefferson City, Mo., Nov. 9.—The consensus of opinion in legislative circles here today was that the house will begin consideration of the American Legion's \$15,000,000 bonus bill tomorrow. The measure as it passed the senate carried the provisions of the original bill vesting the administration of the bonus law in a commission of three, two to be appointed by the governor and to receive \$10 a day for their services and the third to be the adjutant general of the state, who would serve without pay. Indications tonight were that when the house calls the measure up tomorrow efforts will be made to have its original provisions preserved by that body.

### Obituary.

Catherine Lulu Steele was born March 28, 1908 and died November 7, 1921 age 13 years, 7 months and 10 days. She united with the Church of Christ being buried with her Lord in baptism on Easter Sunday morning. She was always in her place in the bible school, and striving to faithfully serve her Lord. Deep as is our grief in seeing her go from us yet we realize that our loss is her gain.
